Destroy Your File Server Video Contest
Win the Best Video Card on the Planet

MOUNTAIN VIEW, Calif.—November 16, 2011— In light of the breaking news that file servers are now on their death beds, Egnyte, a leading provider of hybrid cloud file server solutions today announced a celebratory contest to commemorate them through the creation of videos documenting their death and demise. Contest entrants are eligible to win one of three high-end video graphics cards. As its own memorial, Egnyte produced the first in the series, which is viewable here: http://www.egnyte.com/videocontest/videos.html

Who: Anyone over the age of 18, adhering to contest rules (no purchase necessary) as stated here: http://www.egnyte.com/videocontest/rules.html

What: Contest for most creative/highly viewed video highlighting a file server death. Prizes are:

   1st prize: AMD Radeon HD 6900 or equivalent (approximate value $700)

   2nd prize: Sapphire Radeon HD 6970 (approximate value $350)

   3rd prize: Sapphire Radeon HD 6950 (approximate value $250)

How to win: Videos to be posted on YouTube, and submitted to Egnyte here: http://www.egnyte.com/videocontest

When: Submissions are accepted from November 16, 2011 – January 3, 2012

About Egnyte

Over 1 billion files have been shared by businesses using Egnyte HybridCloud file server. Egnyte's unique technology provides the speed and security of local storage with the flexible accessibility of the cloud. Users can easily store, share, access and backup files, while IT has the centralized administration and control to enforce business policies. Egnyte, founded 2007, is based in Mountain View, California and is a privately held company backed by venture capital firms Kleiner Perkins Caufield & Byers, Floodgate Fund, and Polaris Venture Partners.
