**EGNYTE EXECUTIVES TO DISCUSS TOP CLOUD TECHNOLOGY TRENDS
AT SILICON VALLEY CODE CAMP 2012**

Hot Topics Include Cloud Architecture, Public Clouds and Mobile App Coding

MOUNTAIN VIEW, Calif. – September 20, 2012 — [Egnyte](#), the leading provider of Cloud and Hybrid Cloud File Sharing solutions for businesses, today announced that several of its co-founders and top executives will be presenting at the 7th Silicon Valley Code Camp taking place October 6 -7 in Los Altos Hills, CA.

What: Cloud computing is one of the fastest growing and evolving technologies in the marketplace. In an effort to keep pace with this dynamic industry, Egnyte will address some of the major trends in cloud computing with Silicon Valley's community of top developers and designers. Company executives will be onsite to share:

- Egnyte's decision to co-locate and run its own cloud and the valuable experience the company has gained
- Different approaches to SQL as it specifically relates to cloud architectures
- The real-time development of a mobile app that connects into Egnyte's leading cloud file sharing platform

Who: Kris Lahiri, Vice President of Operations and Chief Security Officer of Egnyte
Amrit Jassal, CTO of Egnyte
Steve Chen, Core Mobile Developer

When: October 6-7, 2012

- Saturday, October 6, 5:00 pm "How to build a mobile app in less than 30 minutes" (Steve Chen)
- Sunday, October 7, 9:15 am "Who needs Amazon...run your own data center, and here's why" (Kris Lahiri)
- Sunday, October 7, 1:15 pm "MySQL is the new NoSQL...No REALLY!" (Amrit Jassal)

Where: Silicon Valley Code Camp 2012
Foothill College
12345 El Monte Road
Los Altos, CA 94022
